SAVE GASOLINE

HAVE instructions from Mr. B. B Gossett, State Fuel Administrator, to request our people to cut out Sunday Joy Riding in autombiles. There is only thirty days' supply of gasoline in the country and the unnecessary Sunday riding wastes enough to fight a battle. Unless the waste is stopped, some important battle might be lost for want of gasoline. I call upon all the neople of the county to help in this matter—patriotic automobilists to stop waste and patriotic people to come down on automobilists who are not patriotic. There is plenty of power to control the situation; but the fuel administration does not want to invoke hower in a second. Gossett, State Fuel Administrator ministration does not want to invoke power in a case where ordinary pa-triotism and common decency should

be sufficient.
